A WISE MAN

A wise man always pays a fair price for his shoes.
He knows that when a five dollar shoe is offered for a dollar and a half it is not a five dollar shoe.
He doesn't expect something for nothing.
He knows that our shoes and our prices are exactly right, and that our \$3.50 shoes are the best \$3.50 shoes in town.

FOUNDRY & MACHINE SHOPS

The Ground Purchased and Work will Begin About the First of the New Year.

ANOTHER ENTERPRISE.

Another Smoke Stack and Another Tin Bucket Brigade for the City of Chickasha.

Messrs G. B. Rogers & Son of Gainesville, Texas, who have been prospecting Chickasha for several days yesterday closed a deal for a plot of ground on the corner of second street and Colorado avenue upon which to locate a foundry and machine shop, and as soon as the plans and machinery can be got here work will begin on the building. This is expected to be about the first of the new year. The works will when completed will have a cupola of a ton and a half per hour capacity, and will turn out architecturally iron fronts, Sash weights, grate bars, stove repairs and any casting brought to them. With iron planers, lathes and other machinery they will be enabled to repair engines, cotton gins, or any kind of machinery. The building at the start will be of 50x50 feet, and added to as business demands. It is expected to begin work on the building between now and January and push the whole until ready to work soon after.

The Rogers have made no mistake in locating in Chickasha. They have a good thriving city and prosperous country, and with the territory to the west and north and south gives them a great scope, and while they are well located the city of Chickasha gains an industry, a new smoke stack, and another tin bucket brigade.

The Rogers have been located in Gainesville for a number of years, and are men of means and

ripe experience. The Gainesville concern will remain in Gainesville, with G. B. Rogers as manager, the son coming to the new plant.

SOROSIS.

Mrs. Mathers, secretary of Sorosis, entertained the club in her pleasant home Wednesday afternoon. The day was lovely and all of the members were present excepting those hindered by sickness in the families. Meeting was called to order by president, Mrs. Biggers.

Roll call and quotations. Reading minutes of previous meeting by secretary. Approved. Business. Reports of committee. The program. A paper on the Revolutionary war, prepared and read by Mrs. Arch Gamel, was one of the best papers read before the club this year, and evidenced a careful reading and memorizing of events in that grandest epoch of the history of our country. Mrs. Gamel had several questions for the club in reference to the subject of her paper.

A paper on Benjamin Franklin prepared and read by Mrs. Biggers, was a very complete biography of that wonderful man. Replete with anecdote, and eventful career, which for half a century was intimately associated with the great men, statesmen, warriors and law-makers of the years preceeding and after American Independence. Mrs. Biggers called vice-president, Mrs. Morgan Hamilton to the chair, while reading her paper.

Both of these papers, like others read before Sorosis, are worthy of a more general hearing, and with the kind consent of these ladies we would be glad to see these papers in print.

Mrs. F. E. Riddle, in the critics report of last meeting, had a keen and decisive blade for mannerisms and mistakes. Our critic is one of our best educators, and is not allowed to forget that her report is expected and relished as a sassa piquante.

Current items and adjournment. Hostess, next Wednesday afternoon, Mrs. A. L. Nail.

A paper on Grand Opera in the United States, Miss Lou Williams.

Paper on Rossine, Donisett, Verdi, Mrs. Geo. Welsh.

A little visitor, Master J. mes Tuttle was present and behaved like a little gentleman. He is the guest of Mrs. Emerson, while his father, Mr. Claude Tuttle is so ill.

Citizens of Oklahoma and Indian Territory who wish to be present at a historic event should attend the joint statehood convention at South McAlester on December 10th. That convention is the beginning of the end of a territorial form of government.

Ask for Chickasha factory products and Chickasha flour. Every dollar you spend at home comes around to you again. Money sent away never comes your way again. This is only good business sense and you will admit it once you study the proposition a moment.

More factories mean a larger tin bucket brigade, and a larger tin bucket brigade means a larger town, and a larger town means a better town.
